

Submitter: Kaelynn Simmons

On Behalf Of:

Committee: Senate Committee On Education

Measure: SB3

Being out of high school for only about 3-4 years now, I wish I was better prepared for life after school. I was unsure how to plan for taxes, how to budget money, how a credit card worked, as well as aspects of financial obligations in college. I felt unprepared, and it took a hit on my financial position right after high school.

I am in full support of this bill. Students need this knowledge, as many don't have the resources or access to this. By passing this bill I believe Oregonians will have more financial success with life after high school, and won't be such a shock.
