Measure: HB3159

Thank you for allowing me to express my strong support for HB3159.

In exchange for a nearly invisible tax for visitors, this bill allows Oregon many lasting benefits. It means increased funding for wildlife and pollinators, helping the state with revenue from visitors and helping our agriculture. It also helps Oregon's fish, which many people - me among them - love.

It is hard to see a down side of this bill.

It's an important investment in Oregon and its future. I urge your support!
