Measure: SB610

I hope SB 610 is passed for it will greatly help the elderly who cannot work and who have little to no access to nutritious food. There are families who have children who are not eligible citizens and therefore, are not eligible for SNAP benefits even if they are students. For this reason, the parents have to work harder and budget and prioritize between bills, the family's needs, and food. Food prices and rent has gone up even if the minimum wage has increased. There has been no difference noted. SB 610 will make a difference to our lives here in Oregon.
