

Chair Nosse, Vice Chair Goodwin and Vice  
Chair Nelson

My name is Jamie Partridge, I am 73 years old,  
have multiple medical conditions and expect to  
spend significant time in the next decade or so  
at the hospital.

I urge you to vote for the Safe Staffing Bill HB  
2697

As a patient, I know everyone is better off  
when we don't cut corners with short staffing.  
Healthcare isn't a place to cut corners or  
squeeze nurses into handling too many cases.  
I have personally seen my late father's life  
shortened by the lack of nursing care in a hos-  
pital.

That's why I urge you to pass HB 2697
