On Behalf  
Of:

Committee: House Committee On Agriculture, Land Use, Natural Resources, and  
Water

Measure: HB3159

Please pass HB3159! Oregon's flora, fauna and fungi need our help! Too many species are at risk of extinction in this region, too many habitats are, or are at risk of, being degraded. Oregon must invest more funds to better preserve and protect our amazing biodiversity and this revenue stream is a viable way to raise funds. Our grandchildren deserve nothing less.
