

Submitter: NW Coast Range

On Behalf Of:

Committee: House Committee On Business and Labor

Measure: HB3183

The Oregon Legislature is at it again, found another drug besides alcohol to tax and manipulate.

There are federal and state laws that make it illegal for an employer to disallow employees to organize and/or vote to form a union.

Since its the alcohol and cannabis government cabal industry, why did the legislature stop at cannabis businesses and not alcohol workers such as bartenders, cocktail waitresses, servers, liquor store workers ....

If the Oregon Legislature pushes much more the cannabis industry will cease to exist, surely every cannabis consumer can add and subtract and figure out that buying cannabis on the dark-market has a financial benefit. Or maybe the Oregon Legislature has become so accustomed to the 800% mark-up of liquor that believes that the same profiteering can be had in the cannabis industry?

Opposed to HB 3183 as a duplication of laws that already exist for all industries in organizing an employee union.

Opposed due to duplication of law that already exists for all industries concerning forming a employee union organization.
