

Submitter: Donald Bielen

On Behalf Of:

Committee: Senate Committee On Education

Measure: SB3

Oregon students are woefully unprepared for the next stage of their life. The public school system ignores the importance of financial literacy for young adults and does not provide them with the basic knowledge of how to financial prepare for college or start their life outside of high school. We are currently setting up for failure and years of debt. It is our responsibility to provide the tools necessary to be functional in a complex financial system.

Thanks you for your consideration.
