

Submitter: Kay Wortham

On Behalf
Of:

Committee: Joint Committee On Ways and Means Subcommittee On Human
Services

Measure: HB5026

To whom it may concern. I have worked in DD services for most of my adult life. The services that are provided are so important to the folks we serve. But unfortunately when the company's who provide those service can not even offer above poverty wages. Something needs to change. The people we serve deserve better. They deserve to have the best we a provide. So please consider that when you are voting on there behalf.

Thanks for your time. Kay L Wortham
