

Submitter: Jon Munns

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure: SB422

I am a life long motorcyclist and Portland Oregon resident. I support SB 422 as a better way to make our roads safer with less congestion for both motorcyclists and car drivers. Studies in California prove this to be true. I have also lived in California and have first hand experience lane sharing and the benefits it provides to all drivers. Please support this legislation.
