Corrected

Hello Committee Members, thank you for the opportunity to give testimony on Senate Bill 421. My name is Charlotte and I am a junior at Ridgeview High School. I am an officer for the National Honors Society, and I am involved in Future Business Leaders of America.

I would like to talk personally about how Senate Bill 421 could serve youth. Because this collaborative group is going to be majority student-led, it will allow for youth to have a direct impact on other youth. With youth representing diversity and underrepresented communities, it will help to address issues that have an impact on these groups. I believe that this will impact the future in a positive way.

As lawmakers, you have the power to change the world. I hope that you can see the potential this bill could inflict on society and what it could do to help youth. I urge you to think about the future and what this bill could do to change things for the better.
