

Submitter: Mrs Adair
On Behalf Of:
Committee: Senate Committee On Judiciary
Measure: SB422

Good Morning/Afternoon,

I am writing to ask that you please support this important safety bill, for motorcyclists, not just in Oregon, but also for ALL motorcyclists who use your roadways.

As a rider from a neighboring state, I find the high volume traffic in the Portland area, specifically, to be somewhat catastrophic. This increases the danger potential for riders in the high congestion/grid lock type situations.

The United States is one of the few countries that is lagging behind on this progressive congestion relief, and safety improvement for riders (see UC Berkely Study 2014)

If needed a "during daylight only" implementation could be done, so that riders are more readily seen.

Please vote to move this important bill, onto the floor.
