

Submitter: Lydia Habr

On Behalf Of:

Committee: Senate Committee On Health Care

Measure: SB491

I strongly urge you to pass SB 491. Having to bear the cost of fertility treatments on top of the mental & emotional stress of just having these medical issues is unacceptable in this day & age. And often these issues are an effect of other medical problems, it should all be covered by insurance as most other medical issues are.

Thank you
