Committee: House Committee On Climate, Energy, and Environment

Measure: HB3152

Chair, Vice-Chair and House Committee Members,

I oppose HB 3152 and encourage you to vote No on this bill. We use natural gas in our homes and desire the liberty to continue that usage. We find it to be a great means of heating our home, water and way of cooking and don't want to face the financial burdens of not being able to use our natural gas. Please kill this bad bill!
