

Submitter: Sherilyn Medin

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure: SB422

I support sb422, lane sharing responsibly will likely reduce motorcycle rear-end accidents. I was a long time California resident, lane sharing also resulted in automobile drivers being highly aware of motorcyclist. Most drivers merges to let motorcyclists by when lane sharing; this also leads to a higher awareness for drivers to look for motorcyclists in general. Again I support responsible lane sharing and is a great option for motorcyclists that choose to lane share.
