

Submitter: John Hefferin
On Behalf Of: Oregon
Committee: Senate Committee On Judiciary
Measure: SB422

Hello my name is John Hefferin, and I have been a motorcycle rider in Oregon for over 50 years. I was born in Portland, but lived in California for a few years. While living in California I learned that lane sharing for motorcycle riders makes ALL traffic flow better and is WAY safer for motorcycle riders, since the chances of getting hit from behind in stop and go traffic are almost eliminated by lane sharing. Please support the proposed legislation to allow lane sharing in Oregon. Thank you, John Hefferin
