Re: \$16 Million in the Department of Justice Crime Victim and Survivor Services Division Budget (SB 5514) for:

- \$10 Million to the Oregon Domestic and Sexual Violence Services Fund (HB 2933) for confidential safety and support services
- \$6 Million to the Survivor Housing Fund (HB 3018) for housing assistance for survivors

To Co-Chairs Sollman and Evans, and Members of the Joint Committee on Ways and Means Subcommittee on Public Safety,

On behalf of Clackamas Workforce Partnership (CWP) we are pleased to submit testimony in support of funding in the Department of Justice Crime Victim and Survivor Services Division Budget (SB 5514) of \$10 million to the Oregon Domestic and Sexual Violence Services (ODSVS) Fund for confidential safety planning and support services for survivors and \$6 million to the Survivor Housing Fund (SHF) for housing assistance for survivors. Both amounts were allocated as one-time funding during the pandemic, and we seek continuation of these programs as on-going and stable services designed to meet critical need.

Clackamas Workforce Partnership (CWP) is one of Oregon's nine 501C(3) nonprofit workforce development boards, and has served as Clackamas County's local workforce board since 2001. CWP and the other workforce boards are affiliates of the state's public workforce system, WorkSource Oregon (WSO), which assists Oregon's jobseekers and employers in meet their education, training, and employment needs. CWP secures and invests funding in employment and training services to ensure Oregonians possess the necessary workplace skills to be competitive in a 21st Century economy, and secure living-wage employment that meets their needs. These services are provided by a consortium of community organizations and agencies who work collaboratively in a co-located setting. These facilities are known as WorkSource Oregon Centers, and serve as an entry point for Oregonians to access a variety of resources.

The Oregon Domestic and Sexual Violence Services Fund (ODSVS) distributes funds to more than 60 community-based, culturally specific and Tribal programs across the state of Oregon to provide confidential trauma-informed services for victims and survivors of domestic violence, sexual assault, stalking, dating violence, and human trafficking. These community-based nonprofits support children and adult survivors with wide-ranging crisis intervention and long-term supportive services such as emergency shelter, 24/7 crisis line, legal advocacy, emergency and long-term safety-planning, counseling, support groups and children's programs. These programs also provide prevention education in schools as well as training and education throughout the community. Community-based domestic and sexual violence programs intersect with many state systems, including the public health and public safety systems. These programs have built collaborations with law enforcement, healthcare providers, schools, the criminal justice system, social services agencies, and many other community partners, and offer critical support for survivors navigating these structures.

One of CWP's core functions includes advocating for policies and investments that positively impact the state's workforce, especially those from historically marginalized and disenfranchised populations. Adult and youth survivors of domestic violence face unique barriers to education and employment opportunities, which may persist throughout their lives and limit survivors' ability to achieve self-sufficiency and socio-economic stability. Most domestic violence survivors are women, who are already at higher risk of limited employment opportunities, pay inequity, and poverty. These challenges are even greater for women from minority populations. CWP believes fully-funded programs that provide proactive prevention and intervention strategies are the most effective approach to eliminating and mitigating domestic violence and its lasting impacts of survivors, their families, and their communities. ODSVS and Survivor Housing Funds are each essential funding sources that allow Oregon's network of nonprofit, community-based, Tribal, and culturally-specific domestic and sexual violence service providers across the state to ensure that survivors have access to confidential, culturally-specific and trauma-informed support and assistance as they seek safety.

Oregon Domestic and Sexual Violence Services Fund (HB 2933): ODSVS is the only state general fund source of support for these critical services. The need for these supportive services continues to grow and the burden of essential service provision is challenged by staffing shortages, lack of funding, and other obstacles. We are in support of investing \$10 million for the Oregon Domestic and Sexual Violence Services Fund to help programs across the state continue to provide necessary and lifesaving services.

Oregon Survivor Housing Fund (SHF): The SHF distributes funds to more than 60 community-based, culturally specific and Tribal programs across the state of Oregon to facilitate access to safe and stable housing for victims and survivors of domestic violence, sexual assault, stalking, dating violence, and human trafficking. Survivor Housing Funds are a crucial component of the efforts to assist survivors in their journey towards stable permanent housing. Survivors often face episodes of homelessness due to the violence, safety issues, and/or isolation caused by the abuser. They often have few or no resources available when fleeing.

According to the National Network to End Domestic Violence 2021 Annual Domestic Violence Court Report, Oregon's domestic and sexual violence hotline staff received 475 contacts, averaging nearly 20 contacts per hour in the one-day count. During that time victims made 127 requests for services—including emergency shelter, housing, transportation, childcare, legal representation, and other support needs—that programs could not provide because they lacked the resources. Approximately 80% of these unmet requests were for housing and emergency shelter. Both in 2019 and 2021, the Oregon Alliance to End Violence Against Women survivor priority survey found that permanent, affordable housing is the greatest need facing survivors of domestic and sexual violence in our state.

Oregon Survivor Housing Funds (SHF) have been instrumental in supporting survivors and their families in finding safe and permanent housing in the midst of a statewide housing shortage, rise in rent costs, and current inflation. The SHF supports survivors by providing supportive services and the financial assistance resources necessary to address barriers in accessing housing. This may include moving assistance, application fees, security deposits, and other non-rent move-in costs. These critical and flexible funds help survivors begin this new stage in their lives on solid footing.

We support an investment of \$6 million in Oregon Survivor Housing Funds to end housing instability for survivors of domestic and sexual violence, stalking and human trafficking.

In closing, \$16 million in long-term stable funding for ODSVS (\$10 million) and SHF (\$6 million) funding, administered by DOJ's Crime Victim and Survivor Services Division (CVSSD), will provide programs with the resources to further develop capacity and build a statewide infrastructure designed for sustainability and equity in meeting the needs of survivors. Continuation of this one-time funding is necessary to stabilize programs, meet the rising need for safety services, and offer wages designed to recruit and retain a skilled labor force.

For the above reasons, we hope you will support an ongoing investment of a \$10 million increase in ODSVS funds and a continuation of \$6 million in Survivor Housing Funds in the CVSSD Budget. Full funding of these services is essential to support crime victims and survivors in Oregon and the organizations and providers who serve them.

Thank you for your consideration and for the opportunity to testify.

Sincerely,

Bridget Dazey,
Executive Director
