Measure: SB422

I have lived in California most of my life and with lane splitting legal there it saved our lives countless of times. Now here in Oregon so many people are distracted by their CEL phones or other things and in a hurry all the time. Motorcycles are getting hit and or killed because they are not able to ride in between to keep safe. Let alone some bikes are air cooled so when in stopped traffic they overheat and that is not good on a hot day. Please pass this for all bikers safety.
