

Submitter: eric azinger

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure: SB422

Hi there,

Please support SB422.

Outside of the United States, motorcycles sharing lanes is standard. Almost everywhere else in the world this is a common practice. Global research proves allowing motorcycle to filter through traffic is safer for motorcyclists. Along with increasing safety, the practice of lane sharing increases traffic flow. This is a win, win for both motorcyclists and motorists.

Please support SB422.

Thank you for your consideration,
Eric
