

Submitter: Rodney Tomblason
On Behalf Of: Self
Committee: Senate Committee On Judiciary
Measure: SB320

Apparently the sponsors of this bill think MURDER is not a serious crime. You want to water down Measure 11, really? NO. Please oppose this lame idea. We are plagued with repeat offenders who are released early! They commit the most of all crime.

Please oppose this terrible idea for Oregon. For our children and for the victims of these heinous crimes.
