Committee: Senate Committee On Natural Resources

Measure: SB85

Dear Chair Golden and Members of the Senate Natural Resources Committee,

My name is Sherril Kennedy, and I live in Beaverton. I support a factory farm moratorium in Oregon. I am very much against factory farms. It has been PROVEN they displace the small or medium size farm & farm families and are harmful in any area where small farmers are living & working their farms. It is shameful to be part of any group thinking it is okay to help big money run out a hard working farm family. In almost every situation a small farm community is healthier & better for ALL OF US than any factory farm.

And I don't believe any amount of money makes it okay to approve a factory farm.
