

Submitter: Don Mazziotti
On Behalf Of: FrontlineServicesPDX
Committee: Senate Committee On Human Services
Measure: SB606

On behalf of FrontlineServicesPDX, a nonprofit organized to provide behavioral and mental health services to homeless individuals and families in Portland.

Our mission and that of public, private and institutional organizations, as well as public policy/program(s), could not be achieved without the work of non-profit organizations. SB 606 seeks to provide a new operating model for Oregon non-profits and, if enacted, will assist in achieving community goals, everywhere in Oregon.

We strongly support this legislation.

Don Mazziotti
