

Submitter: Richard Geer
On Behalf Of:
Committee: Senate Committee On Judiciary
Measure: SB891

Dear Senate Committee On Judiciary,

As a believer in the Lord Jesus Christ I am opposed to SB 891. My time of death is in the Lord's hands, not my medical doctor. I took care of my late wife at home when she died of cancer. It was not pretty, but the Lord gave me the strength to take care of her needs with the help of Hospice. She struggled to breath at the end and that was devastating to watch. God walked with her every step of the way, and took her home to be with Him. I could not see myself choosing any way for her to die. Assisted suicide was not the answer for her and will not be the answer for me. Let me die with dignity as I pass into the loving arms of my Savior.

Dick Geer
