Testimony in opposition to: Senate Bill 803: Establishes standard for carbon intensity and other characteristics of diesel fuel used in on-road motor vehicles.

Submitted to: Senate Committee On Energy and Environment

Dear Chair Sollman Vice-Chair Findley and Members of the Committee,

I oppose SB 803 because of the negative effects it will have on the transportation of goods and produce throughout Oregon as detailed by the trucking, manufacturing, retail, and agricultural industries so effectively spelled out in today's testimony submitted by industry experts.

I respectfully ask you to vote NO on SB 803.

Respectfully,

Joe Spendolini
Chairman, Klamath County Chamber of Commerce
Government Affairs Committee
