

Submitter: Cindy Fincher

On Behalf Of:

Committee: House Committee On Climate, Energy, and Environment

Measure: HB3152

I oppose this bill because 1. The greenhouse gas emissions requirements have not been voted on. The entire reduction requirements have been forced upon the people of Oregon. Governor Brown did not ask us or present information to us to prove that it was even necessary. 2. The PUC should not have power to carry out executive orders. Why? Because the Oregon elected authorities ABUSE the people of Oregon with executive orders. 3. There is no plan or funding to carry out statutes or executive orders that PUC would enact. This bill needs to die in committee. Please LET.IT.GO.

Sincerely,

Cindy
