

Submitter: Christine Kirk
On Behalf Of: Oregon Youth Authority
Committee: Senate Committee On Human Services
Measure: SB769

The Oregon Youth Authority is reviewing Section 6 (2) which adds language that when ODHS or law enforcement get a child abuse report they "(a) Jointly determine the roles and responsibilities of the department and the agency in their respective investigations." This language could change who and how many investigations occur for the same act in a youth correctional facility, as well as previous rule making conversations and results that have set up processes for investigating.
