On Behalf Of: Oregonians
Committee: Senate Committee On Judiciary
Measure: SB698

Dear legislators,

Unless you want to be seen as hypocrites, you should table this bill and let it die for good. The last few years I have watched the democrat officials in this state attack our law enforcement and demonize those who hold the thin blue line in this state that keeps society from descending into chaos, anarchy, and complete lawlessness. I have watched as you tweet and post about police accountability and records that will follow them for life but here you are trying to expunge and hide records of criminals and those who prey on us all. Unless you want to be seen as hypocrites, I suggest that you don't make double standards and demand accountability, records, and info of law enforcement but turn around and say expunge and do away with accountability and info and records on criminals and felons. Please kill the bill. Say NO on SB-698. Thank you.
