

Submitter: Diane Daiute

On Behalf Of:

Committee: Senate Committee On Natural Resources

Measure: SB85

I have seen factory cattle farms in Colorado and they are vile. Mountains and mountains of manure. On this one huge pile a bull had some how climbed all the way to the top LOL. Driving by these always made me sick to my stomach and I'd try not to breath but it was impossible because they went on for miles. Needless to say I do not eat beef nor pork. I've also stopped eating fish. Factory farms are an environmental toxic disaster, are grotesquely smelly and filthy and are just plain cruel. I'm all for small family farms/ers. Please pass the factory farm moratorium bill, SB85. Sincerely, Diane Daiute
