

Submitter: Samuel Johnson  
On Behalf Of: Struggling Families  
Committee: Senate Committee On Natural Resources  
Measure: SB85

OPPOSE SB85

Dear Senate Committee on Natural Resources,

The intentions of the Bill are to shut down farming in Oregon and cause a crisis.

The low income already suffer in Oregon.

WIC provides Milk, Eggs, and Cheese to mothers and children all over the state.

Milk, Cheese and Eggs are already so expensive and in short supply children will be effected negatively and the most.

Not everyone can afford fancy organic and “ free range “ foods. Some of us are thankful for meat when it is on sale and know this will make it harder to get the food we need.

Thank you for opposing this horrible Bill.
