Measure: SB85

I support SB 85. Rural Oregon should not be forced to support mega farming operations that use precious water resources and pollute the air. I have lived within 4 miles of the proposed chicken farm on Thomas Creek for 30 years. I worked for 20 years at the school situated 1/2 mile from the proposed site and 5 grandchildren currently attend that school. This mega farm would have a serious detrimental impact on the school, the church next door, and the surrounding community. Please keep rural Oregon livable.
