

Submitter: Coda Stone

On Behalf Of:

Committee: Senate Committee On Natural Resources

Measure: SB85

Dear Chair Golden, and Members of the Senate Natural Resources Committee,

My name is Coda Stone, and I live in the unincorporated part of Springfield, Oregon. I am writing in support of a factory farm moratorium in Oregon.

We need to protect both the conditions of our land and the health of the food supply we eat. I try to produce what I can of my own food, because there is so little nutrition left in food from large, industrialized "farms."

Small farms not only have less impact on the natural systems in our valley, they also produce better quality food, are sustainable, and of course help support the people who live here.

Please help protect the Oregon that we love.
