

Submitter: LORI BULLIS

On Behalf Of:

Committee: Senate Committee On Labor and Business

Measure: SB692

I support SB 692. As a former SEIU 503 union steward, too many times I witnessed investigations of workplace discrimination and harassment be ignored or dismissed because no historical record existed of previous investigations and/or formal/informal complaints. Maintaining a history of such investigations and/or formal/informal complaints shows behavior patterns that are not only unprofessional but detrimental to the impacted employee(s), department(s), and services.
