Measure: HB3068

Hello everyone, I have taught for two years at Warm Springs Reservation in the Alternative Education program. Not everyone does well in the public school setting. Everyone learns differently. I have helped people learn to pass their GED certificate. Not everyone wants to go on to college and a lot of people are suited to do different careers that don't require a college education for instance; auto mechanics, plumbers, electricians and building contractors to name a few. I think this bill will help these students achieve their personal goals. I am in favor of this bill. Cathy Stewart, owner of Cathy Stewart Realty,
