Re: Public Records Request for Death with Dignity Act Data Update

Dear Dr. Chandragiri:

In accordance with ORS 192.324(2), this is to acknowledge our receipt on 09/09/2021 of your request for public records, specifically information related to cases involving the Death with Dignity Act.

Per ORS 676.165, ORS 676.175, and 677.425, the Board must keep records related to an investigation including investigator/staff records and complaint records confidential and not to disclose to the public any information obtained by the Board as part of an investigation.

In September 2021, a search of our database found 26 referrals received from the Oregon Health Authority (formerly known as the Department of Human Services) from 2000 to September 2021. No formal disciplinary actions were taken against the physicians' licenses.

You have the right to petition for review of the Board's response to your request under ORS 192.401 or 192.411.

This now completes the public records request. Please let me know if you have questions.

Sincerely,

Elizabeth Ross
Legislative and Policy Analyst
