Committee: Senate Committee On Natural Resources

Measure: SB85

I support SB85. I am writing to you today in support of a factory farm moratorium in Oregon. We must take action to halt the expansion of factory farming in our state until we have protections in place for the environment, animal welfare, family farms, and frontline communities. All Oregonians have a right to clean air, water, and food. This scale of industrial production takes more than its fair share of water resources. Oregonians want community-based agriculture that delivers safe food to all Oregonians. I urge you to vote for SB 85 in the 2023 Legislative Session to protect our small and mid-sized socially and ecologically responsible family farms in Oregon.

Thank you,
Lane Selman
