Sen Judiciary

Yes a study would be nice...

But decisive action would be better...

Had we not spent the last 7 yrs ignoring Rule of Law... standing down police ,
defunding police.

DA's and Jails over ran and Court appointed Attorneys could not meet the demands.

How bout we fund police, DA's and Jail Beds... how bout we fund community policing
and how bout we enforce the laws on the books with a vengeance !

This Study will not fix Portland.
