

Submitter: Carly Ralston

On Behalf Of:

Committee: Senate Committee On Education

Measure: SB854

There is science that disproves climate change, but to the people that want to make more money and power will always scream climate change..climate changes all the time, you can't stop it one day it's Rainey, the next day it's sunny..power, greed, and money...that's all climate change is, just like covid..power, greed, money
