Measure: SB1069

Hello - I am a passionate supporter of this bill. Allowing electronic messages and landlord refunds via electronic funds expedites both processes. Residents will appreciate getting their money back quicker, and it will save them the hassle of going to a bank or processing a check deposit on their mobile device. Residents will also appreciate getting important correspondence virtually because it's faster and more readily accessible in this day and age. It's easy to accommodate a resident who might be tech-savvy, but in most cases, residents prefer electronic forms of communication and financial process.
