

Submitter: Judy Tannehill
On Behalf Of:
Committee: Senate Committee On Education
Measure: SB551

The purpose of this bill is to protect our children from awful ACCIDENTS....whether with a gun or with pills. And the school districts can reach more parents easily through their websites. This notification just might teach one not-so-responsible gun-owning parent how to keep his own children safe from their curiosity about the gun hidden on the top self of the closet or the large bottle of pills that look like candy in a cabinet in the kitchen. Safe storage of weapons and medications should be the responsibility of ALL ADULTS. Our kids may already be safe in our home, but what about the neighbor's home and yard?
