Measure: SB648

Re: SB 648 and -1 amendment

Dear Chair Jama and committee members,

SB. 648-1 amendment is an attempt to commercialize farm and forest land by allowing "vacation occupancy". Oregon Goals 3 and 4 intend that state lands zoned for resource uses are treated accordingly. "Vacation occupancy" is in direct conflict with resource use. Please do not let SB 648-1 amendment as presented become law.

Thank you.
