

Submitter: Jennifer Kenny

On Behalf Of:

Committee: Senate Committee On Energy and Environment

Measure: SB803

Members of the Senate Committee on Energy and Environment,

I write you to express my support for Senate Bill 803. This bill moves our state forward toward a healthier future for all Oregonians. I am also writing to ensure you understand what this bill does and doesn't do:

It will not ban all diesel in the state.

It will not destroy the economy or put rural Oregon out of business (but a climate crisis will).

With nearly three years of transition time we will move from polluting fossil diesel to fuels that can serve as a bridge to zero-emission transportation. It's well overdue so please don't delay in supporting this bill.

Jennifer Kenny
