

Submitter: Dave Chubb  
On Behalf Of: Willamette SxS  
Committee: Joint Committee On Transportation  
Measure: HB2796

I support this bill. I feel it would be very beneficial to both riders and community's, the revenue generated in the small towns will help the businesses grow. Fueling Stations, Markets, Fastfood and sit-down restaurants, Hotels/Motels all benefit. I also was a volunteer in the Oakridge Festival and the Oakridge business owners were very happy to see us and welcomed us with open arms. It also allowed the riders to access the forest from a secure staging area. This bill will open wonderful opportunity's for both the towns and Sxs riders.
