

Submitter: Randy Wolf
On Behalf Of: Jackson County Stockmens Assoc
Committee: Senate Committee On Natural Resources
Measure: SB57

Members of the committee:

For the record my name is Randy Wolf and I live in Jackson County Oregon.

I support SB 57

The risk of brucellosis reaching far SW Oregon is extremely low. I respect those that want to continue vaccinations, I also respect the decision to curtail and the flexibility SB 57 gives.

California no longer requires Oregon beef cattle to be bangs vaccinated to enter their state. Oregon should normalized trade of non-vaccinated cattle with intrastate sales allowed in SB 57.

I believe the brucellosis vaccine should be available for producers to administer during annual vaccinations just as respiratory and clostridial vaccines are.

For these and many others reasons I support SB 57.
