On Behalf Of: self and family  
Committee: Senate Committee On Natural Resources  
Measure: SB85

Thank you for your valuable time and attention to this issue. I support a factory farm moratorium in Oregon for the following reasons:

- 1) Factory farming causes undue cruelty to animals.
- 2) The risk for diseases spread from factory farming to animals in the wild, to domesticated animals and pets, and possibly to humans, needs further study and means of control.
- 3) Factory farming would alter the culture and landscape of Oregon in a detrimental manner. Let's create local jobs using other means.
- 4) I support more holistic, sustainable, environmentally-friendly means of raising animals for consumption, for which I would gladly pay more in the grocery check-out line or in local taxes, INSTEAD OF factory farming.

Very sincerely yours,  
H. Fraser
