

Submitter: Esther Schwartz
On Behalf Of: LO for Love and Respond to Racism
Committee: House Committee On Judiciary
Measure: HB3294

I support HB 3294 and urge the Committee to move this measure forward. It is simply unacceptable that we continue to have restrictive covenant language in any property deed. There should be no controversy about removing prejudicial and/or discriminatory language from a deed or any legal document. I urge the committee to act swiftly to advance this bill. Thank you for your consideration. Sincerely, Esther Schwartz
