

Submitter: Jennie Knapp
On Behalf Of:
Committee: House Committee On Judiciary
Measure: HB3294

I am in full support of Rep. Daniel Nguyen's introduced House Bill 3294, which would provide a clear path for homeowners to instigate the removal of racially discriminatory language from their deeds and the chain of title. We are continuing to cause harm with this discriminatory practice and I believe that we are better as citizens and communities when our neighborhoods are diverse.
