

Submitter: Richard Czerniejewski

On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB3294

Having lived in various parts of the US and a variety of other countries, I wish to strongly support the removal of restrictive language from all deeds in Lake Oswego and in all of Oregon. The abhorrent stain of the history of Racial profiling in Oregon upon the vision we Americans hold dear of "Liberty and Justice for all" must be relegated to the unjust past of our State. We must open our hearts and legal language to a more welcoming inclusive vision of a growing community where the beautiful diversity of all humanity flourishes collectively.

Thank you for entertaining the enactment of this law.

Richard Czerniejewski MD
