RE: Support HB 3213

Dear Chair Kropf and the members of the House Committee on Judiciary:

My name Julie Van Het Reve and I am the co-founder of LUXE Heavenly Bodies, a company that produces natural and organic skincare. We would like to express our strong support of HB 3213, which would prohibit a manufacturer from manufacturing, selling, offering to sell or distributing cosmetics or ingredients developed through using an animal test.

We have the ability to create innovative products using ingredients that have already been proven to be safe. In addition, for new ingredients, there are many non-animal methods available, which are more relevant to humans, faster and cheaper, that can be used for safety evaluations.

Oregon has the opportunity to be a leader in creating a cruelty-free cosmetics market. Please support HB 3213.

Thank you.

Sincerely,

*Julie Van Het Reve*
