Measure: HB3294

I fully support HB 3294 and the removal of racially discriminatory language from property deeds and chain of titles. Racially discriminatory language in legal documents has no place in a modern and equitable society. These outdated and offensive terms can cause harm and perpetuate systemic racism by restricting property ownership and perpetuating historical inequalities. Removing such language will help promote fairness and inclusivity, and contribute to a more just and equitable society for all. It is important to acknowledge Oregon's past, and correct those injustices by moving forward with a renewed commitment to racial equity and fair housing.
