Measure: HB3248

Good Evening. I would like to offer my support for this HB that would allow public use of ATV's on roads that do not include interstate highways. My wife and I have traveled and used our off road vehicle in Utah for many years and their laws which allow OHV's on roads that connect trails and communities have been a very robust boon to their local economies . If Oregon had the same type of laws, many of our rural areas in this state that have suffered from many types of economic hardships, would be helped by the dollars brought in by off road enthusiasts who would spend money in those areas. Please consider and pass this legislation so that Oregon can benefit from this as other states like Utah have!!

Respectfully, Rob Brauer
