

Submitter: Randy Mohoff

On Behalf Of:

Committee: Joint Committee On Transportation

Measure: HB3248

Side-by-sides should be legal to drive on the roadways as long as they meet the requirements. When you look at some vehicles that are allowed to drive on the roadways side-by-side's seem like a far safer choice, as well as easier to park use less fuel than a full-size vehicle and more convenient for most people
